ST. ANDREW'S MINISTER

Rev. J. A. Smith is the minister of St. Andrew's Presbyterian church in Newmarket. Formerly with the chaplaincy service, Mr. Smith was born in Cape Breton Island, the son of Rev. and Mrs. J. W. Smith who are now living in Scotstown, Que. He received his early education in the southern United States and later studied at Montreal. He served as missionary at Forester's Falls and later as minister at Ancaster, Ont. Photo by Budd.

AMONG TOP FEW AT WATERLOO FESTIVAL

Don Langford, son of Mr. and Mrs. Roy Langford, Newmarket, was fifth in a class of 37 in the cornet solo for musicians 16 and under at the Waterloo music festival Saturday. He was given 80 1/2 marks, the winner receiving 87 marks.

A second member of the Newmarket band, Bruce Smith, son of Mr. and Mrs. Will Smith, Main St. north, Newmarket, placed fourth in a class of 12 in the cornet solo for boys 14 and under. He was awarded 89 points. Both boys were trained by Bandmaster Robert Moore.

Tennis Club Opens Season With Exhibition Matches

The Newmarket tennis club officially opened the season Thursday with exhibition singles and doubles matches by outstanding players from Toronto.

In a short ceremony preceding the play, R. C. Morrison, president of the Newmarket Lions club and long a member of the tennis club, recalled the history of the club with reference to some of the older players including Dr. L. W. Dales, T. B. Scott, N. L. Mathews, Lawrence Molyneux and Miss Beatrice Lyons. J. B. Bastedo, chairman of the Newmarket Community Recreation Council, thanked the visitors for their demonstration.

Lou McFarland, present holder of the University of Toronto championship, defeated Miss Jean Burrett, present holder of the Ontario and Eastern Canada title, in two sets, 6-1 and 6-2. In a doubles match, McFarland and Miss Burrett were defeated by Murray Young and Miss Gwen Campbell, Toronto lawn tennis club, 6-4 and 6-4.

The singles were under the direction of Charles Cutts, pro-

SUDDENLY STRICKEN

Isaac Lindenbaum, former Newmarket resident, was taken to York County hospital Tuesday following a sudden illness. Mr. Lindenbaum was driving down from Lake Simcoe when stricken.

At a later date, it is expected that Charles Cutts will put on a demonstration match with two outstanding juniors of the local club. Stan, Cutts has volunteered to give a demonstration in badminton in the future.

Present for the opening matches were representatives from clubs in Mount Albert, Beeton, Aurora and Uxbridge. It is expected that matches between Newmarket and neighboring clubs will be arranged for the future. At the present time, the local club has a paid membership of over 45.

Four-Hit Pitching Paves Way For Third Victory

Ken Broughton's four-hit pitching sent Newmarket Juniors on to their third straight victory in the North York Lions Baseball League at the local ball park on Thursday of last week. The largest turnout of the season was on hand to see the locals triumph by a 6-3 margin.

Broughton pitched a good game all the way to limit the Hill batsmen to four hits, while the Redmen pounded the combined offerings of Stevenson and Stenden for ten safeties. Most of the local hitting power was unleashed against Stevenson, the starting pitcher for the Hill.

"Red" Palmer paced the

canal town attack with two hits and two walks for a perfect night at the plate. Bill Johnston crossed the plate with two runs, Jim Rutledge, Don Brown and Tommy Dales pushed over one each to build up the winning margin. Jim "Pee Wee" Rutledge provided the fielding gems hauling down two line drives that looked like sure hits.

"Gooch" Upton and Mac Clement headed the visitors, while "Lefty" Stenden pitched a nice relief chore.

Newmarket: Stan Winger, Ken Broughton, Grant Blight, "Red" Palmer, Jim Rutledge, Tom Dales, Don Brown, Ken Thoms, Bill Johnston.

Umpires, Joe VandenBergh, Harry Thoms.

Nurse's Office Open Throughout July

Best four muffins, Allan Jackson (King George), Patricia Ewing (St. John's);

Best four tea biscuits, Ann Ewing (St. John's).

Food, Faith Declared Need Of World Now

The world need is peace and food; faith and fellowship, Dr. W. J. Gallagher, general secretary of the Canadian Council of Churches, told those attending the Yearly Meetings of the Religious Society of Friends in Canada at Pickering College over the weekend.

Included in the meetings were the Canada Yearly Meeting (Five Year Meeting), Genesee Yearly Meeting (general conference), and the Canada Yearly Meeting (Conservative). The meetings brought Friends from throughout Ontario, Saskatchewan, New York, London, Eng., and Philadelphia.

Saying that there must be peace or destruction, Dr. Gallagher stressed the need for a common conviction about those things which are most worthwhile. "One of our greatest difficulties is the lack of a common faith," he said.

The other great need is for food, he continued. "The English are having a hard time but they are well off compared to those on the continent. In some parts of Europe the population shrinks by starvation until a level is reached where there is enough food to keep those left alive. In China, there are some areas where the means of transportation are so faulty that it is impossible to send food there and the people just starve."

"Suppose these people do starve?" he asked. "What does it matter to us? If we believe God made our fellow men and that Christ died for them, then it most certainly is our concern. We have come to the place where we must face the issue. We must recognize that our faith means that we must be concerned over the fate of our fellow men and do what we can to alleviate it."

During the meeting, reports were heard on the progress of relief work in Asiatic countries and in Europe. Special speakers gave evening lectures on the world situation.

130 MEMBERS, LEGION SEEKS DISTRICT AID

The Newmarket branch of the Canadian Legion has a membership of 130 members at the present time, according to a statement issued by the membership committee under the chairmanship of Dr. J. Gordon Cock and including Hunt Taylor, George Wales and Milton Wesley.

"Pointing out that there are still hundreds of eligible veterans in the district who are not affiliated with a veterans' organization, the statement continues: "The membership committee is anxious that such veterans seriously consider joining the local branch of the national organization so that the branch can become truly representative of the servicemen of the district."

"The Legion policy in no way conflicts with other service organizations and affiliation with the Legion can in no way interfere with interests in other veterans' groups. The local branch is contemplating an ambitious program of sports and entertainment but it can be successful only if the whole-hearted cooperation of all veterans is received."

"We know that you are glad to be out of uniform but we also believe that you will welcome the opportunities for bull sessions of those service days with the men who shared them with you. Any member of the membership committee can give you information regarding the local branch."

Heavy Volume Of Traffic Recorded Over Holiday

The July 1 holiday placed a heavy strain on communications and transportation facilities out of Newmarket. C. E. Bloisdale, manager of the Bell Telephone Co. office here, said that the number of calls handled on the Newmarket switchboard exceeded those sent on V-J Day. "It was a record for Newmarket," he said.

Mr. Bloisdale said the calls started to come in Friday and continued in heavy volume until well into Monday night. "The operators were rushed continually. It was particularly difficult for the new members on the staff," he added.

F. E. Cook, C.N.R. stationmaster here, said that generally speaking, rail traffic was quite heavy over the weekend. "The number of rail passengers was added to by the factory employees going on their holidays."

Grey Coach Lines officials report a heavy volume of bus travel over the holiday weekend with extra buses being stationed along the route to Lake Simcoe.

FALSE ALARM
The Newmarket Era and Express office received a number of calls Tuesday morning from radio listeners who had heard reports of a "\$100,000 fire" at Keswick. A call by the editor to Keswick quickly verified that it was a mistake. Later, it was announced that the fire had taken place at Keswick, N.B.

EXCHANGES PULPITS
Rev. A. B. Stein, Congregational-Christian church, Newmarket, is exchanging pulpits for the month of July with Rev. John Heidenreich, Oxford, New York state. Mr. Stein returned last week from a trip to Winnipeg.

PLAN BOND ISSUE

The minister of finance, Hon. J. L. Isley, announced last week in the House of Commons, Ottawa, that a new government bond issue to replace the war savings certificates and the victory bonds would be floated this fall. Mr. Isley said that the new security would be similar in most details to the victory bond and would be available to the general public through banks, trust companies and investment dealers. A payroll savings plan will be available to employers who wish to use it. There will be no door-to-door canvass.

PLAY FRIDAY

Aurora plays Newmarket Vets in the North Yonge softball league tomorrow night at the Stuart Scott grounds. The Newmarket team plays Thornhill away from home next Thursday. The Newmarket ladies' team plays its first league game at Cedar Grove Monday night and Wednesday, plays Kodaks at Oakwood Stadium in Toronto. The Newmarket team is in a league of Aurora, Cedar Grove, Milliken and Unionville.

JULY 8 DATE OF FIRST DIP ON PROGRAM

The swimming program sponsored by the Newmarket Community Recreation Council in conjunction with the Newmarket Lions club summer program at the park will begin July 8 with a meeting of all participants in the Newmarket town hall to arrange schedules.

The swimming program is under the direction of E. R. Mather, recreation co-ordinator. The swimming will be done at Wilcox Lake and not at Lake Simcoe as planned. The change was made to cut the cost of transportation and to provide safer waters for swimming. Dressing locker and beach facilities are being donated by Percy Ash, Wilcox Lake, as his contribution to the program.

Assisting in the supervision of the swimming are Mickey Smith, Mrs. Jean Neufeld, former assistant supervisor at Kitchener Y.W.C.A., Audrey Rowland and Barney Westcott. Mr. Mather and assistants have recently completed a special swimming instructors' course at Barrie under the auspices of the Red Cross. The Newmarket branch of the Red Cross covered the expenses of the course.

Plans for the swimming program include three groups a day, three times a week, to be taken to the lake by Grey Coach buses. Mr. Mather emphasized that the program was one of instruction. Recent questionnaires sent out showed at least 80 percent of the children up to 14 years did not know how to swim.

LAST SERVICES HELD FOR MRS. WM. J. PEGG

Mrs. Nellie Mae Macdonald, wife of William J. Pegg, passed away in St. Michael's hospital, Toronto, June 17, after having been in ill health for the past three months.

The funeral service was held in the United church at Queensville and Rev. Hugh Shannon, Queensville United church, and Rev. Earl Knechtel, Bethel United church, were in charge of the service.

The pallbearers were her three sons and three sons-in-law. Besides her husband, she is survived by three daughters, Mrs. Harold McNeill (Ethel), Toronto, Mrs. Delbert Graves (Frances), Freeman, Ont., and Mrs. Myron Spaulding (Ruth), Newmarket, and three sons, Colin, Toronto, and Lloyd and Morley, Sutton West, and 12 grandchildren.

Two sisters, Mrs. Mida Alcombrack, Los Angeles, Cal., and Mrs. Jean Mearow, St. Catharines, and five brothers, Douglas, Bruce, Malcolm and William, Toronto, and Norman, Charlton, Ont., also survive.

Mrs. Pegg loved all plants and flowers. Her chief interest was in her family and in helping others.

—Mr. and Mrs. Reg Wilson and son, Wayne, are spending their week's holidays at Port Perry.

Go Ahead Signal Given In Purchase Of Military Camp

At a special council meeting Wednesday morning, the Newmarket town council authorized a special committee of the council to continue negotiations with the War Assets Corporation for the purchase of the camp. Councillor Jos. Vale, chairman of the industrial committee of the council, reported that the government was ready to sell the drill hall and buildings on the fair grounds and the buildings and property north of Srigley St., including the hospital buildings, nurses' quarters, officers' mess, kitchens and other buildings.

The special committee was also authorized to continue negotiations with the government for the purchase of the Stickwood property which was purchased by the government early in the war to permit the enlargement of the camp. There are nine large huts on the Stickwood property as well as smaller huts. The price for the whole camp including the Stickwood property has been set by War Assets Corporation at \$34,000. The price for the property and buildings north of Srigley St. and the buildings on the fair grounds is \$11,000.

The special council meeting followed a trip to Ottawa by Councillor George M. Byers, Deputy-Reeve J. L. Spillette, Mr. Vale and Reeve Arthur D. Evans, and a later trip to Montreal to meet with War Assets officials by Councillor Frank Bowser, Reeve Evans and Deputy-Reeve Spillette.

Following the council's instructions, a committee of the same personnel will meet with government officials early next week in Montreal to discuss final arrangements.

BOWL FOR SHIELD
The Newmarket lawn bowling club men's doubles tournament for the Dixon Shield will be played Monday, July 8.

Pte. Ira C. Leeder, a son of Mr. and Mrs. George Leeder, Newmarket, returned home from overseas last week after an absence from Canada of two years and a half. At the present time, Pte. Leeder is enjoying his pre-discharge leave with his wife in northern Ontario. A member of the Royal Canadian Army Service Corps, he served in France, Belgium, Holland and Germany.

Camp Hospital Sought For Industrial Location

The industrial committee chairman, Councillor Jos. Vale, asked a special meeting of the Newmarket town council for authorization to discuss the leasing of the hospital building on the Newmarket military camp grounds to an electronics industry if the camp is purchased by the town.

Mr. Vale said that the hospital building had proven acceptable to the industry which is expected to employ at least 40, mostly women, if it locates here.

The authorization for continued negotiations with the firm was granted by the council with Mrs. J. C. R. Edwards the only member voting against it.

"I feel that there is a need for enlarged hospital facilities and that the camp hospital building would better serve in that way," she said. "The camp building is too temporary to last as a hospital annex," said Mayor Dr. L. W. Dales. "It would be too expensive a proposition to make such a building conform with regulations regarding hospitals."

The county council has heard that proposition, said Reeve A. D. Evans, and was not in favor of it for the same reasons.

Mr. Vale assured council that the industry which had been looking at the building was "one which was clean and could operate in a potential residential area without inconvenience to the residents. I am sure that if the industry accepts the building, there will be no outward indication that it is an industry, no heavy smoke, noise or other nuisances."

"I favor the idea of placing industries such as that one about town," said Reeve Evans. "It means that there is no factory area such as is found in large cities."

PIANO RESULTS
The following are the examination results of piano pupils of Mrs. George Blackwell, Newmarket: grade 1, Patsy Cock, first class honors; Louise Bastedo, pass; grade 2, David Bastedo, honors, Patsy Quinn, honors, Glenna Riddell, honors; grade 5, Mary Jane Blackwell, honors.

Birthday Recalls History Of Early Family Here

Peter Trivitt, Park Ave., Newmarket, celebrated his 86th birthday June 11. He is the only surviving son of Timothy Trivitt, having outlived his eight brothers. Timothy Trivitt and family came to Aurora from Horn-castle, Devonshire, England, in 1857 after taking six weeks to complete the journey by sailing vessel and stage coach. The family moved on to Vandorf where Timothy Trivitt started a blacksmith shop beside the Harris and Venostrian log yard. From there, he moved to Ballan-trae. At that time, the two hotels were owned by Lidge Miller and Samuel Barr. The family moved to Vivian

and then to the fifth concession of Whitechurch where Timothy Trivitt operated a saw mill until coming to Newmarket in 1876. Timothy and seven of his sons entered the Cain factory the year after it opened. All the Trivitt boys belonged to the Newmarket fire brigade. At that time, all the firemen had were hand pumps.

After working in the factory, Peter Trivitt was sworn in as a police constable by Chief Anderson. An older brother, George, was also on the force at that time.

Peter was appointed bailiff of the fourth division court of the county of York in October, 1918, from which position he retired in 1943 after 25 years of service.

ATOM BLASTS OLD HOPES

Eleven months ago, the first atomic bomb was dropped on Japan. While the mushroom-shaped cloud still hovered over the ruined city, the world recognized that a new and terrible factor, control of atomic fission, had made in a space of a few seconds the old conceptions of international security a dream of the past. Recognizable by all was the urgent need of international trusteeship of the bomb.

As the months passed, memory of the atom bomb faded and with it, the urgency of need for agreement among nations. The Bikini experiment, Operation Crossroads, has recalled the need for international harmony. More important, it has underscored the inadequacy of a civilization unable to solve the question on which its existence rests.

Man's brief history on this planet has been dedicated to destruction followed by spasms of progress. Each time the wheel swung around, the destruction was more complete, the progress more advanced. It could not last forever. The use of atomic fission has made it impossible to contemplate another turn of the wheel. The next war will be final. Yet for all our intelligence, we have not learned how to prevent it.

The threat of atomic destruction is not enough to provide a lasting peace. Atomic destruction has only made final the results of another war. Security rests with the willingness of all nations to forswear gain for themselves in favor of peace for the world. There is no indication of such intentions so far.

Instead, the nations of the world have divided into two camps, Russia and satellites, and the democracies. The division would not be hopeful were it not for the two interpretations it has imposed upon the functions of the United Nations organization. Russia sees the U.N.O. as a means to the eventual consolidation of a communistic Europe. For the democracies, U.N.O. has been the only means to a lasting peace. There can be no meeting ground for such opposing interests.

Apologists for Russia argue that Russia acts only in the interests of self protection. To the two decades of distrust and covert action has been added the threat of the atomic bomb. It is only reasonable, the apologists say, that Russia should take every means to strengthen herself. The apologists forget that Russia's "strengthening" does not lessen distrust nor weaken the threat of the atomic bomb. It produces the opposite.

We are hearing now of the late President Roosevelt's "great design," a gamble in which the president risked concessions by the democracies to Russia to lay suspicion of the democracies' intentions. It was a gamble which failed. Russia took the concessions and is demanding more while the democracies have suffered irreparable damage in prestige among European democrats.

The failure of the great design has left only one course open—a strict adherence to the principles of democracy as embodied in the Atlantic Charter. The democracies must no longer retreat from Russian demands as a means to exact a compromise. There must be an end to appeasement. A militant policy of propagandizing the principles for which the democracies fought must replace the attitude of compromise that has prevailed.

Only when the clauses of the Atlantic Charter are recognized as the one abiding aim of all nations can there be the unity of purpose from which will come a lasting peace. This can never be while the U.N.O. is used for national advantage to the world's disadvantage and the Atlantic Charter is brushed aside. Until there is unanimity among the great powers, the secret of the atomic bomb must remain in the possession of the few.

PRICE CONTROL OFF IN U.S.A.

The authority under which the office of price administration, the United States counterpart of the wartime prices and trade board, operated came to an end at midnight Sunday. On Monday, the radio carried reports of immediate increases in the price of food—a ten percent increase in the price of meat, a two-cent per quart increase in milk, a one-cent per pound increase in butter.

These increases come on top of a cost of living already considerably higher than in Canada. They come despite the pleas of President Harry S. Truman, business leaders and industrialists to voluntarily hold the line against price increases until new legislation is passed. What is happening in the United States is sufficient answer for those in Canada who say price control must go.

In another respect, however, the price increases in the United States will have a serious effect on Canadian economy. Canadian trade and business is too closely knit with that of the United States not to be affected. Price increases in the United States will mean increases in Canada. Despite the complexities of international trade and business, the influence of rising prices in the United States will not be slow in being felt here.

Only a few days before, a budget was brought down in the House of Commons, a budget with a fixed purpose of holding the line against rising prices. Tax reductions were promised but not until 1947. Excess profits taxation was reduced but not abolished. A new bond issue will be floated in the fall. All these measures and others

like them are the government's reply to the threat of inflation.

Yet to some degree, they are nullified by inflationary tendencies in the United States. At the best, the budget measures can only serve as a buffer between the reaction from increased prices in the United States and Canadian economy. It is most unfortunate that Canada and the United States, which together shared in-war measures and in limited financial measures, are unable to share in the stabilization of North American economy.

Just as the past war has taught the futility of boundaries to halt invasion, so it would seem that we must learn that boundaries alone are equally futile in preserving a sound economy.

HARSHER PENALTIES FOR DRINKING DRIVERS

"I had been drinking but I wasn't drunk." How often those words are heard from the witness stand as an automobile driver, accused of careless or dangerous driving, attempts to justify evidence that his breath smelled of liquor or that he was unsteady on his feet, or even that he was unfit to drive because of the liquor he had consumed.

The man who has been drinking is the last one in the world to be able to testify whether or not he was drunk at a given moment. It is a foolish assumption that a man who has been drinking in any quantity at all is able to judge whether or not he is unfit to drive an automobile. Liquor has a deadening effect on man's judgment, equally applicable to deciding whether or not he is fit to drive.

Yet time and time again those words "I had had a couple of glasses of beer earlier in the evening but I wasn't drunk," or "I had been drinking but not enough to prevent me from driving" are uttered by drivers who have been brought into court as a reasonable answer to testimony that they were unfit to drive.

Will automobile drivers never learn that liquor, no matter how small the amount, and gasoline do not mix? Medical evidence of the effect of liquor in slowing muscular reactions and impairing judgment has been published so frequently that it can not have escaped the notice of motorists. Yet few are the traffic cases heard in court where there has been no evidence of drinking by the offenders.

The driver who drinks not only endangers his own life, but worse, puts in jeopardy all he may meet along the road. Nothing on this earth can justify the action of a motorist who knowingly threatens the lives and happiness of other travellers. The law is strict in regard to those convicted of drunken driving, but the number of times liquor enters into the evidence on traffic accidents is increasing. Appeals to the individual's good judgment seem to be wasted. The only alternative is still harsher penalties.

In Passing

It was rather an anti-climax to learn that the roaring noise heard on the radio Sunday was as much static as it was the sound of the atomic bomb explosion. Radio reporters on the scene warned that the explosion would be heard, and because of its expected magnitude, listeners waited for a combination of the trump of doom and a blockbuster. When the explosion did come, it was scarcely discernible from the interference by atmospheric conditions. Despite the blurred reception that attended the reports, clearly evident to the listeners was the tension of the men at the scene as they waited the atomic bomb test.

The announcement of the dominion finance minister, Hon. J. L. Ilsley, that a dominion security, the Canada Savings Bond, will be offered for sale this fall should meet with general approval. Many wage earners found during the war that saving through victory bonds was a practical and comparatively painless way of building up the family financial reserves. Mr. Ilsley said that the sale of the new bond would differ from the sales of victory bonds only in that there would be no door-to-door canvass.

With the industries of Newmarket closed this week, we miss the whistles at morning, noon, and five o'clock in the afternoon. Quite unconsciously, we use the whistles to regulate our day even if their call does not refer directly to us. We venture there were any number of sleep-ins Tuesday morning among those who are left in town.

What Others Think

SUBSIDIES COME FROM TAXES

(Times Review, Fort Erie)

There are few things which Canadian citizens like less than having to pay more for goods, and especially for essential goods, so it is not surprising that there was excitement over the news that milk might cost two cents more a quart, as the result of the government's stopping a subsidy on milk.

As a matter of fact, in the United States, milk is far more expensive than it is even now in Canada, and the country still seems to be getting along without starvation.

However, there is another point worth remembering, and it is that subsidies do not happen. They get paid by governments which collect them back in taxation. Mayor Saunders of Toronto cries that taxpayers in that city will pay \$24 million more for milk, but the fact is that Toronto taxpayers will pay less for milk as a body.

The city of Toronto pays more than one-eighth of the total taxation collected by the dominion government, so the taxpayers of Toronto pay more than \$24 million out of the \$20 million collected in taxes and then spent for milk subsidy.

If Mayor Saunders meant to say that the citizens of Toronto, as consumers of milk, would pay more, he should have said so. He was wrong in saying that the taxpayers would be out of pocket. Subsidies come out of taxes. The same community pays taxes which receives the subsidies. This is worth remembering whenever this question of subsidies comes up.

OTTAWA LETTER

by

"Jack" Smith, M.P.
North York.

The long-awaited Ilsley budget was presented to the House last Thursday. Galleries were filled to capacity and most of the members were in their places to hear the important pronouncement.

Mr. Ilsley took two hours and 15 minutes to present the budget, something of a record, I believe. The long explanation regarding dominion-provincial relations took a considerable part of the finance minister's time. The budget was a cold, matter-of-fact presentation of our financial position and economic condition. That it could be bright and cheery after the tremendous load we carried in the past few years would be too much to expect. There was little in it to inspire great enthusiasm and applause, even from government benches, was seldom heard. It was encouraging that the deficit was reduced so substantially from last year, but those who hoped for larger tax reductions were disappointed. The budget is a forceful reminder to the Canadian people that we have emerged from the most devastating war in history and while we have achieved victory on the field of battle we must continue to fight with sacrifice and determination against other dangers which threaten us.

Our assumption of obligations in the remaking of the world, and our obligations to those who fought for us, are important factors in the budget. War was costly and produced only destruction; rehabilitation is costly but will produce good citizens of our land and, in some measure, repay the debt we owe to those who left home and loved ones to endure hardships and face death to protect our way-of-life.

The finance minister is making another effort to bring about a dominion-provincial agreement and in the budget, makes a series of proposals to the provinces. If ever we are going to get anywhere, we must face up to our national problems as Canadians, not as citizens of the Maritimes, Quebec, Ontario, or the west. I most earnestly hope that these last proposals will result in some amicable agreement between the provinces and the federal government.

The budget contained a clause allowing farmers and fishermen to pay taxes on a three-year average rather than on a single year's operations. It was unfair that a farmer or fisherman, so dependent on nature for success, should be taxed on, say, a \$5,000 income this year, if last year he actually lost \$3,000. The fairness of this proposal, which has been long-discussed here, will, I think, receive very general applause.

While the step up in exemption figures was not as great as hoped for, it should be kept in mind that our figure here is higher than in the United States, Britain or New Zealand. We quote the remarks of the minister of finance as they relate to personal income tax:

"The exemption limits under the present tax are \$660 for single persons and, in effect, \$1,200 for married persons. As a major part of the present revision, we are proposing that the exemptions be raised to \$750 for single persons and \$1,500 for married persons without dependents. This measure, taken in conjunction with the proposal I shall make in a moment regarding allowances for dependents, will remove entirely from the income tax roll between 550,000 and 600,000 taxpayers, or about one-quarter of the present number. The proposed exemptions will be in the form of deductions from income in the manner of the pre-war exemptions and the \$1,500 deduction will replace the combined income deduction of \$660 and the tax credit of \$150 granted the married man under the present law.

"I am aware of suggestions, made by persons who may not be familiar with all the facts, that the exemption limits be raised to \$1,000 for single persons and \$2,000 for married, or even to \$1,200 and \$2,400. We have carefully examined these and other suggestions and have come to the conclusion that exemptions of \$750 and \$1,500 are as high as can be reasonably proposed under present circumstances.

"In the first place, we must still raise very large amounts of revenue. Even if no tax reductions were made, our revenues will fall considerably short of our expenditures and far short of our total financial requirements for the current year. Moreover, as I have outlined, there is already a great excess of purchasing power and we must not add unnecessarily to it. In addition to these immediate considerations, we must bear in mind that the government and parliament face a post-war period in which events are likely to move swiftly and in respect of which we have accepted a large measure of responsibility for maintaining high employment. Under the circumstances, we cannot afford to reduce our rev-

enues too drastically.

Secondly, we are all, I believe, agreed that the income tax is the fairest and best tax on which to rely for the bulk of our revenue. More than any other, it takes ability to pay properly into account. We must, I consider, rely upon it as heavily as we can, subject to the limits imposed by its effects on incentive and efficiency. This applies as well in the lower brackets as in the higher. We cannot secure proper equity and fair treatment if the exemptions from income tax are so high as to exclude most of those receiving incomes. It is just as important to be fair in the distribution of taxation between persons earning \$1,500 and \$2,400 a year, respectively, as it is between these persons and those earning \$5,000 or \$10,000 a year. I have said that we cannot afford to reduce our revenues beyond reasonable figures. In these circumstances, if we raised unreasonably the exemptions for the income tax, or lowered the rates of income tax too drastically, we would only make it necessary to impose other less equitable, even regressive, forms of taxes.

"Comparisons of our proposed exemptions with those of other countries indicates clearly, I believe, that the figures now proposed are as high as Canada can reasonably go. The suggested exemption of \$750 for the single person compares with one of \$700 in Australia and New Zealand, of \$500 in the United States, and of \$490 in Britain. Similarly, the proposed exemptions of \$1,500 for a married person compares with \$1,077 in New Zealand, \$1,000 in the United States, \$931 in Australia, and \$800 in Britain. In addition, Britain, Australia and New Zealand have substantial social security taxes which apply at much lower levels than the exemptions I have given for income tax alone."

Canada's Family Allowance Act has now been in force for one year and parliament has been interested in reviewing the results of this social legislation. The opinion is freely expressed here that the plan has resulted in great good to the children of Canada. There have been isolated cases of abuses, but these have been investigated and are very few indeed in comparison with the number benefitted. In May, of this year, payments were made to 1,420,233 families in respect to 3,330,763 children. The average allowance per family was \$14.04 per month, and the average per child was \$5.98 per month.

In regard to size of families, 81 percent had three or fewer children. Check-up and verification of the original registration has revealed a very small number of cases of fraud. As a matter of fact, in all Canada there have been but two prosecutions, which is, as the minister remarked, a great tribute to the honesty of the people of Canada. Postage on cheques sent to families in the year amounted to \$636,000. It is interesting to note that since family allowances were introduced in Canada in 1945, a bill has been passed in the British House of Commons providing for family allowances to come into effect in August of this year. By then, we shall have family allowances in operation in New Zealand since 1926, in Australia from 1941, in Canada from 1945, and in Britain from 1946.

Something of a record was established in the Commons when a woman appeared on the floor of the house as an expert consultant during consideration of health department estimates. It is customary for ministers to be flanked by departmental chiefs while they are guiding their estimates through the house. This week, Miss Olive Waters, administrative chief of the health department, attired in a smart black gown and hatless with an upswep hair-do, took her place behind a pile of files and at the side of Health Minister Claxton.

This week, we had the privilege of meeting Anthony Eden and members of the British Parliamentary delegation. Along with them we inspected the dominion experimental farm and, afterwards, attended a reception given in their honor by the British High Commissioner. It was educational and refreshing to get first hand the views of these British members of parliament. They feel keenly the difficult responsibilities which rest on their shoulders, and are highly appreciative of Canada's war effort and our post-war contribution of food and financial assistance.

A number of Indians from western Canada, many of them in full Indian costume, feathers and all, and beating tom-toms, added color to the parliamentary scene this week. They were here making a forceful plea for a new deal for the Indians in Canada. Their problems are having the study of a special committee of the senate and

Keeping Up Practices

Nancy, age five, has announced that she wants to take piano lessons. It certainly isn't too early for her to begin lessons but one point should be stressed—the need for practice. The main difficulty will be to get Nancy to practice. A five-year-old is too young to have a very long attention span. Nancy will tire easily of practice and forget it altogether if mother lets her. Mother will often wish she could and the neighbors will more often wish she would. Unless mother helps Nancy assume the responsibility for her practice periods, the music lessons will be practically wasted on Nancy. Two fifteen-minute practice periods at definite times each day are usually more satisfactory for the young beginner than a compelled longer period once a day. After Nancy becomes more skillful, she will practice longer of her own accord and she will speak with a cheery note of pride instead of a tone of resentment when she says: "I have to practice my music lesson."

Parents who, year after year, assume the responsibility for their child's practice periods are wasting a great deal of time and energy besides the lesson money they are trying so hard not to waste. In this atmosphere, children frequently learn to despise practice periods and consequently make very little progress between lessons. The family bulletin board can be used as a reminder of lessons and practice periods. Checking the entire family by means of it adds prestige to menial tasks. Little Miss Nancy will feel rather important occupying space on it for her weekly lesson and daily practice periods.

Music teachers have the faculty of making lesson periods attractive to young children. The fact that lessons will continue unless practice continues usually strikes an important chord in the very young child's make-up. This isn't given as a threat but rather as a simple statement of truth. After all, the child must want the lessons enough to practice. Parents and neighbors have only to smile and suffer through the many hours of practice to encourage Nancy's efforts.

EVERY TODAY HAS ITS TOMORROW

By J. Jay Watson

Time is a treasure, so it behooves us to cherish it. The value of money has to be learned, so it seems to be with the value of time. An observant life teaches new values. The permanence of money value like the value of time, is an essential consideration to our well being. In the time of Isaiah he said, "Wherefore do ye spend money for that which is not bread and your labor for that which satisfieth not?" The significance of this thought through life will enrich and make fuller its content.

Time registers its worthwhileness in its lasting values of the tomorrows. Every thought and act of today has its tomorrow, whether it be of value, or the contrary. Thus experience tells us the importance of the gift of caution exercised as a habit and motivated by principle. Caution begets understanding and understanding is enlightened by education. The school and college education gives a wonder-working foundation for a purposeful life. On the other hand, if "what might have been" completed, it can be supplemented liberally by well chosen reading. For this latter premise the librarian in the nearest library can be counted on for worthy service.

It is said man must be "born again" and through the reading of good books we sometimes experience a verification of this. Thus one can realize new possibilities before unknown and be born again and again through book friendships.

Knowledge is measurable, yet measureless and as we travel life's highway we can come upon endless facets of learning, a taste of which will flavor and enrich life.

We are in the Master's vineyard, but it must be recognized to be appreciated. Job says, "Days should speak and multitude of years should teach wisdom."

The flag on Parliament Hill this week was half-mast, marking the passing of an outstanding Canadian Senator, General A. D. McRae. The late senator will be remembered for his big part in the election of 1930 as national organizer for the Conservative party. He was largely given credit for the Bennett victory in that election. Highly successful in industry and business, he was held in highest regard in all circles here at Ottawa.

THE COMMON ROUND BUSY SUMMER DAYS

In the winter interspersed among the busy days, are long, quiet ones when a bit of baking and cooking and cleaning takes up the morning while the afternoon is given to sewing and reading and what not and the evenings round the fire or the piano are cosy and homely and satisfying.

Outside there is the stillness of snow-cushioned roads along which cars glide soundlessly, while inside the song of the kettle and the purring of contented cats make a winter symphony.

But summer days are something else, even with the thermometer's hand reaching out to touch 90, we think feverishly, "there's this to be done and that to do" and heat or no heat, there are some things that won't wait. Look at strawberries—well, of course they are well worth looking at—but, also, they have to be picked and preserved. If you have lovely, clean rows, it's a pleasure even in spite of the heat, but if you raked by thistles and flapped by mullen leaves—well—that's a pleasure too, for the fruit is like buried treasure worth working for. We have not many but the smallest I made into jam with pineapple and oranges. I only made a little for sugar is scarce, but I put three quarters of a bowl of sugar to a bowl of fruit; I let the strawberries and sugar stand over night then brought them to a boil and added the diced pineapple and orange, boiled slowly for half an hour and bottled.

Showers—bridal, not rain—have been featured in our neighborhood lately and also three presentations—no four.

The day of the Bogartown Community picnic, a presentation took place which meant a great deal to Bogartown folk. The presentation was to Miss McQueen, who after eight years of faithful service in school and community, was leaving us. A watch was the gift and it certainly went with the heartfelt good wishes and deep regret at our loss, for Miss McQueen was not just a school teacher, she was a tower of strength in the community. The address was read by Mrs. Ewart and the presentation made by David Preston.

Mrs. Colville, on behalf of the Girls' Christmas club, presented Miss McQueen with a plate with a little note of appreciation for the part she had always taken in the Christmas parties. Then, on Friday, Miss McQueen's pupils presented her with a very lovely plate, Eria Toole reading the address. Miss McQueen replied to all presentations most feelingly.

Then the showers—first the one a few weeks ago at the Armitage home for Ruth and her soldier husband. Two soldiers of the King joining hands in holy matrimony was a rather unusual event in our neighborhood. A very large gathering marked the event and many beautiful gifts were showered upon the young couple—one from the chivalry party was a very beautiful glass table lamp. The address was read by Mr. Boak. The bride and groom both responded with appreciative remarks. Supper and a social

time to the accompaniment of Pine Orchard orchestra completed the evening.

Then a cup and saucer shower was tendered Miss Irma Taylor by Mrs. W. Reid and Helen at the home of her sister, Mrs. Eria Toole. The gifts were in a large pink and white cup and saucer and were many and lovely and quaint. The arch, under which the bride elect sat, was decorated with pink and white streamers. Refreshments were provided by the bride-to-be had expressed her thanks for the gifts, everyone visited happily.

The third shower was given by Mr. and Mrs. Charles Greenwood for their nephew, Harry Greenwood, recently discharged from the army, and his bride, who only arrived three weeks ago from London.

The Johnson trio, assisted by a guest guitarist and Mrs. Cal Greenwood at the organ, provided music, after which a prettily decorated basket was brought in by Edith Kay and another little girl whose name I lack. Carl Greenwood read a little message of goodwill and wishes from the many relatives and friends present and the bride and groom then proceeded to open the many pretty and useful gifts showered upon them. The young bridegroom gave a very pleasing little speech of thanks and Mrs. Greenwood also thanked the donors. After refreshments, we all went to our various homes, in every heart good wishes for all these young people who in this chaotic but wonderful age are founding homes—we hope they are all built on the rock of mutual trust and love.

Two more presentations come to mind. One took place on Wednesday afternoon of last week at the monthly meeting of the Women's Association of Wesley church when Mrs. Brillinger was presented with a very lovely lamp. Her fellow members wished to show their appreciation of her services and regret that they would have her no more with them.

Yet another presentation—this at the Salvation Army barracks in Newmarket when Capt. Robinson and Mrs. McKay, Toronto, on behalf of the Army, presented those of Newmarket and vicinity who during the war had worked for the Red Shield, with a badge of commemoration. Mrs. McKay told of the various personalities and organizations with which, in her work, she came into contact. It was an inspiring talk and made us all feel that the work of helping those in need must go on with added vigor. She left a word with us, "Thy God, He doth go before thee."

Mrs. Watson, for Newmarket, Mrs. Needler and Mrs. Colville for Pine Orchard said a few words of their pleasure in working for the Red Shield and of the splendid work of the Army.

The pleasant occasion came to an end with refreshments served by our host and hostesses and we went home proudly with our badges, for even if not S.A. workers, we were workers in the great army of helpers.

AN INDUSTRY Pledged TO THE FURTHERANCE OF AGRICULTURE

Founded and developed on the basis of helpfulness to the farmer, the implement industry is entirely dependent on the prosperity of agriculture for its own success.

Through the years, the implement maker has, with quality of product and genuinely helpful service, won the high regard and goodwill of the users of his product. There are few farmers who do not value sincerely the service of the implement company.

The farmer and the implement maker have mutual interests in the welfare of agriculture and its progress towards higher standards and improved methods. Working for the common cause both have contributed much to the betterment of farming in general.

In the past, new developments in equipment have enabled the farmer to do his work in less time and at less cost. Such equipment has helped the farmer offset adverse conditions such as drought and soil drifting, to combat insect pests and other types of crop destroyers, and to replace manpower in times of labour shortage. The self-binder, the tractor and power farming machines, the one-way disc and the pull-type combine, each in its time has helped the farmer in making his efforts successful and profitable.

Achievements in the past have been notable and fruitful. Setbacks from time to time delayed but did not prevent the onward march of agriculture. And the future will bring advances in farming, too.

The self-propelled combine, perfected by Massey-Harris prior to the war, has opened up new fields of possibilities in implement engineering, and other new machine developments assure that, in his efforts to further improve agriculture, there will be available to the farmer equipment that will offer greater advantages in saving time, labour and expense. Massey-Harris is proud of its long association with the farmers of Canada in promoting the welfare of agriculture.

LEADERS IN THE IMPLEMENT INDUSTRY SINCE 1847

For many a Borrower SAVING is still No.1...

TO THOSE WHO NEED MONEY...for a useful purpose

For many of our borrowing customers, saving is still the prime consideration. For them, the time to borrow is equally the time to save... borrowing and saving go hand in hand.

Thousands of our borrowers have sizable holdings of Victory Bonds and War Savings Certificates, which they leave with us for safekeeping. Indeed, a good many have substantial cash reserves in their savings accounts.

Why, then, do they borrow from the Bank? Simply because they want to keep their savings intact and undisturbed—as a bulwark of security.

These people are performing a real service not only to themselves, but to their fellow citizens and to the country at large...

By maintaining their programme of regular saving,

they are guarding against inflation. How?... By conservation.

Conservation in personal financing is practised by a large proportion of our customers. By borrowing for some useful purpose, and by making regular repayments on their loan, they are—in reality—saving for a useful purpose, and increasing profitable production for the community. Meanwhile, they are keeping their savings intact.

This is wise spending, wise borrowing and wise saving.

These people are good customers, they are good citizens and their personal financing is sound.

To Our Customers, we say: "Don't borrow unless you have to, but if you need money for some useful purpose, by all means get a loan from the Bank."

We also say: "Don't sell your Victory Bonds... if you need cash, get a low-cost loan and pay it back out of future earnings."

This is conservation—the first requisite for personal security—the first attribute of good citizenship...

Rev. and Mrs. Gordon Prosser and Mr. Wm. Prosser left on July 1 for a visit with friends in Man-
 Mrs. Herman Wilson, Toronto, spent the holiday weekend with her mother, Mrs. Etta Wilder.
 Mr. and Mrs. Leonard Gillson, West Hill, were guests of Mr. and Mrs. Harry Leppard for the weekend holiday.
 Mr. and Mrs. Byron King and son, Wayne, visited Mr. Orville King and Mr. J. Wright for the holidays. Wayne remained for a visit at the home of Mr. and Mrs. Wright.
 Miss Elma Bond, Guelph, is spending two weeks at the Pow-
 Mr. and Mrs. Jack Bond, Guelph, were also guests of the Powers for the holiday.
 Mr. and Mrs. Cowie and guests from Toronto and Miss Margaret Gilmore, Newmarket, were at their cottage for the weekend.
 Mr. and Mrs. Frank Perry and daughters of Toronto were at their home here over the holiday weekend.
 Monday's thunderstorm gave everyone a much needed rest from the 85 degrees in the shade weather of the preceding days. Bathers complained the lake water was much too warm for real enjoyment.
 From Friday night to Tuesday morning traffic to and from the lake was very heavy. Cottages and boarding houses were well filled for the holiday.
 Miss Margaret Peel, Toronto, spent the holiday at home.
 Mr. and Mrs. Orville King attended the Todd family picnic at Lefroy on Tuesday.

Mrs. Lloyd Pegg spent the past few days visiting Mr. Tom Pegg and Mr. and Mrs. Colin Pegg at West Hill.
 Mrs. Vera Nelson attended the funeral of her cousin, Mr. Thompson, in Toronto on Friday.
 Mrs. Geo. Munday, who has been in Toronto General hospital for some time, was able to be moved to her son's home and it is hoped to see her home soon.
 Quite a number of friends of Mr. and Mrs. L. W. Richardson gathered at their home on Thursday, June 27, to congratulate them on their 40th wedding anniversary. It was planned as a complete surprise. They received some beautiful gifts and a basket of flowers from the Elm Grove W.I.
 The brother who was groomsmen 40 years ago, Mr. Austin Richardson, Vandrof, was present.

This week Rev. and Mrs. E. Knechtel and family leave for their holidays which will be spent in the Minden district, Haliburton county.

MAPLE HILL

The Sunday-school picnic will be held next Thursday, July 11, at Mossington's park.
 A farewell party and presentation was held last Wednesday evening at the school for the teacher, Miss Ruth Gooding, who will be teaching next year near her home at Gormley.
 Rev. E. S. Kerr is conducting evangelistic services at Kimberley this week.

20th Anniversary Recalls Memories Of W. I. Origin

Memory Day was the theme of the 20th anniversary of the Snowball Women's Institute celebrated last Wednesday at the home of Mrs. Owen Barr. A large number of members and guests were present. Six character members were among those responding to the roll-call, "What the Women's Institute means to me".

During the business period reports of the district annual were given by Mrs. Patrick and Mrs. N. Mitchell and arrangements were made for the clothing collection and for a community picnic to be held at Wilcox Lake July 16.

A two-minute silence was observed in memory of members who had passed on. Their names were read by the president, Mrs. Mills. The four presidents who have served during the 20 years, Mrs. Leo Cull, Mrs. Ed Reddick, Mrs. Raymond Haines and Mrs. Harry Mills, were all in attendance and all were called upon for reminiscences of their years in office. The first secretary, Mrs. Josie Sloss, was made a life member and was presented with the life membership pin and a corsage by Miss Hazel Webb who succeeded her in office. Mrs. Sloss read from the minute book of 20 years ago.

Mrs. W. R. Steeper, Mount Albert, and Mrs. Charles, Aurora, former district president and secretary, recalled the day, May 31, 1926, when they helped organize the branch. Mrs. Wm. Storey, who was the instigator of the first meeting, was unable to attend.

Mrs. B. Sinclair, new district secretary, spoke briefly of Institute work. A letter of congratulation was read from Mrs. J. Boak, Nobleton, district president. Greetings were also received from the Kettleby Institute which was in session the same day.

Miss Doris Winch and Miss Eileen Casey entertained the gathering with piano and vocal solos. The hostesses served tea and cookies and a birthday cake, donated by Mrs. F. Williams, to complete a happy occasion.

COUPLE CELEBRATE 50TH ANNIVERSARY

Mr. and Mrs. Oliver Blizzard, Ravenshoe, celebrated their 50th wedding anniversary Sunday, June 30, at the home of their oldest daughter, Mrs. Ralph Sedore, Jackson's Point. Another daughter, Mrs. Irvine Rose, assisted in serving the guests. The couple have one son, Fred, six grandchildren and four great-grandchildren.

HELD IN CUSTODY FOR DAMAGING CABIN

A 20-year-old youth, was remanded in custody for sentence next Friday when he pleaded guilty to damaging a cabin owned by George E. Davey, Musselman's Lake, by Magistrate J. E. Pritchard, K.C., in magistrate's court here Friday.

Davey testified that the cabin's partitions were torn down, and the window screens broken. He said he discovered the damage after the youth, who was one of a party of five boys, had turned in the key to the cabin the previous day.

Chas. Alex. Farrell, an employee of Davey's, said that he had inspected the cabin after the boys had left and had found it littered with cigarette butts and smelling of beer. He said empty bottles were lying around.

A second youth in the party said the cabin had been tidied up after they had left and that the walls were not torn down as claimed. The accused youth said there might have been some damage to the premises but not to the extent of \$28 as claimed by Davey. "The walls were alright when we left," he said.

"There has been a lot of trouble in that area," said Magistrate Pritchard in remanding the youth.

Two brothers, veterans of active service, were each fined \$10 and costs by Magistrate Pritchard when they pleaded guilty to charges of being drunk and disorderly. Chief Constable Fisher Dunham, Aurora, laid the charges. He said the two boys were making a nuisance of themselves in Aurora early last Sunday morning.

Bert Shore, Woodbridge, was fined \$10 and costs on a charge laid by Provincial Constable William Melbourne who said he found a case of beer in the car driven by the accused.

Mrs. Jane Bean, Toronto, was found guilty of a charge of leaving the scene of an accident without informing the police and fined \$10 and costs. Garnet Fairbairn, Newmarket, testified that his parked truck had been hit by a car driven by the accused. He said the accused woman and her husband had driven off after inspecting the scene of the accident. "I took their license number and reported it to the police," Fairbairn said. He said the damage as a result of the accident had been \$17.20.

The accused said she had stopped the car and had inspected the Fairbairn truck but had seen no damage and had driven on under the impression that was all there was to it.

"Are you not aware that it is required of you to give your name and address to the police after an accident?" asked Magistrate Pritchard on passing judgment.

William S. Latham was found guilty of careless driving and fined \$20 and costs. R. V. Alexander, Toronto, testified that the accused's car struck his on the Baldwin-Sutton road. "The accused's car was on my side of the road and kept crowding me into the ditch. I got over as far as I could onto the shoulder of the road but he hit my car, doing \$134.28 worth of damage," he said.

Constable William Hill, Sutton, testified that the point of impact was one foot, ten inches on the wrong side of the centre line.

Latham said he had been drawn over by the effect of the lights on Alexander's car. He said he had had two glasses of beer earlier in the evening.

Glynn Davies, Newmarket, pleaded guilty to a charge of assaulting his common-law wife, Eleanor Robertson, and was bound over to keep the peace towards her for \$100 for one year. Davies had been in custody for six days and his sentence was dated back by Magistrate Pritchard. The plaintiff, Mrs. Robertson, testified that Davies had threatened to kill her at one time, and had slapped her another time. Davies said he had been drinking.

BELHAVEN

The Belhaven Women's Institute will not have a meeting in July or August but will open again in September.

The community is sorry to hear of the death of Mrs. Ross Deavitt who passed away June 20. Deepest sympathy is extended to Mr. Deavitt and family.

Mr. McAlpine and Beth spent the holiday weekend at their home here and Mr. McAlpine is remaining for his holidays.

Bobby Winch broke his ankle while hayling.

Quite a number from here attended the decoration service at Queensville on Sunday.

The pupils are glad to be on holidays now and they presented their teacher, Miss Howard, with a little gift at the close of school. Miss Myrtle Stiles is to be the new teacher for the coming year. Congratulations are extended to those who passed their entrance on their year's work.

MOUNT ALBERT

A. N. PLUMMER SPENT EARLY LIFE HERE

Albert Neil Plummer, following a two years' illness, passed away at his residence, 10th concession, Beverly township, recently.

Born at Emo in the Rainy River district of northern Ontario, Mr. Plummer spent his early life at Mount Albert. For nine years he was a tire builder with a rubber company until ill health resulted in his taking a farm at New Hamburg. He later moved to Beverly township in 1935. Mr. Plummer was also a carpenter and for three years from 1941 to 1944 he was engaged in government construction of airports in Newfoundland and Labrador. A severe heart condition caused his retirement in 1945.

Surviving are his wife, the former Selma Brown; three daughters, Mildred of Hamilton, Ruth and Margaret Rose, at home; three sons, Neil of Galt, Ralph and Oliver, at home; four sisters, Mrs. Ross Boden, Ajax, Mrs. William Boden, Mount Albert, Mrs. Revis Gillen, Ravenshoe, and Mrs. Harry Kelly, Toronto; and three brothers, Waverly and Stuart of Kitchener, and Herbert of Toronto. Another brother, Walter, predeceased him 12 years ago.

The funeral service took place at the Kirkwall, Presbyterian church with interment in Kirkwall cemetery.

Mount Albert, June 27—The United church Sunday-school has set July 24 for its picnic.

The W.A. of the United church held its meeting at the home of Mrs. W. S. Robertson on Wednesday evening. It was decided to have the July meeting in the park and have a picnic supper on Wednesday, July 17.

Mr. B. Sinclair was a delegate last week to the L.O.O.F. convention in Toronto at the Royal York hotel.

Mrs. Brydon of Toronto spent a week at the home of her brother-in-law, Mr. Frank Harrison.

Mrs. W. H. Shields is holidaying at Lake Scugog with friends.

Doug. Moorehead dug new potatoes June 22, two of which weighed 17 oz. and were in Mainprize's store.

The Mount Albert and district branch, 382, Canadian Legion, will parade to the United church for a memorial service on Sunday, July 7. The parade will fall in at Oddfellows' Hall at 10.30 a.m. Dress will be arm bands, berets, medals or ribbons.

The Legion plays Aurora Legion at Aurora on Friday, July 5. Truck leaves at 6.30 p.m.

Next Sunday there will be a Communion service in the United church at 11 a.m., and at 8 p.m. there will be a memorial service, and tablets for John Vincent Willbee and Donald Burton Stewart will be unveiled by Padre David P. Rowland, who will be the guest speaker.

Mrs. Jas. Oldham will assist the choir at this service as soloist. The Woman's Institute will hold its July meeting on Thursday, July 11, at Mrs. Carman Rolling's cottage, Lake Simcoe.

Mrs. Stonehouse, Mrs. H. Morton and Mrs. F. Kirtton will be hostesses. Mrs. W. Rate and Mrs. R. Willbee are in charge of the program. Bring a picnic basket. All ladies are invited to attend and enjoy an outing with the Institute.

Mr. and Mrs. Harold Kurtz, Tommy and Gail, left on Saturday to spend their holidays at their cottage at North Bay.

Miss Grace Pegg spent last week with her sister, Mrs. Julia Bain, at Egbert.

Mrs. Agnes Crowle left on Monday to visit her daughter, Mrs. Blaine Moore, at Ivy Lea on the St. Lawrence.

POT POURRI
By GOLDEN GLOW

This week the dominion celebrated its 79th birthday. Yes, it was in 1867 that the Fathers of Confederation met, and Canada celebrated its first birthday. And Vancouver, B.C., is celebrating its 60th birthday this week with a wonderful program of events.

What a week! Started off on Sunday with the atomic bomb test and I expect everyone within sound of radio listened in. It was a disappointing test, but the results seem to be quite satisfactory, and of course that is the main thing. It was a long, drawn-out affair, the actual dropping of the atomic bomb being delayed. We were having to listen to the ticking of a metronome on the Nevada, an instrument similar to the one used in teaching piano-playing, and that when the ticking stopped then we would know for certain that the bomb had hit its target. Well! It stopped, but today, Monday, Dominion Day, the radio says the bomb missed the bright orange painted Nevada by half a mile. You did not know yesterday what to think when, after all was over, and they began broadcasting observations and comments, to hear them say they could see palm trees still standing in the still with their leaves waving, and practically all the "guinea-pig ships" still floating in the lagoon. After a closer inspection it was found that the goats chained on the deck of the Pennsylvania were calmly munching their hay.

So much for the atom bomb, what next? I think my next item (for this is a Pot Pourri—a mixture of everything, you know) will be the peony show. Coming on the eve of the Dominion Day holiday, it was not as well patronized as usual, and the terrific heat wave from which we are emerging this evening as I write, must have made it very difficult indeed to preserve the specimens on exhibit—and they were wonderful!

I always think every flower-show the best (or so I am laughingly told) but honestly we must admit that this one is the most "shabby." Is there anything that lends itself so beautifully to floral decoration as the peony? I used to know them all by their names, but I find myself forgetting. I wonder if it is the effect of the war that we are all forgetting so many, many familiar things. I find others tell me the same—they forget, too! So we'll just have to make allowances for each other, even if we find it hard to forgive ourselves!

There are so many, many things I keep recalling but this trifling heat-wave has "played hot" with most of them. Oh, yes—here's one I recall, work has commenced on widening Yonge St. at the bottle-neck between Richmond Hill and Thornhill. You would be surprised to see to what depth the road-bed must go. The huge road-building machines are all busily at work—the telephone and hydro lines also are busy moving back their telephone and hydro poles. If a person has not been down Yonge St. by car very recently, they will be surprised to see huge hydro towers on both sides of the road at Mulock's Corners, carrying high tension wires from Scarborough to Barrie.

And then if one hasn't been in Newmarket lately along Davis Drive, they will see a new road connecting it with Queen St. East in the new part of the town where the soldiers' houses are being erected. New roads connecting the new section with Orono Gardens will also surprise one.

Lions club park will soon reward again to the laughter and fidelity of the supervised playground as we had last summer. Yes, it is summer holidays and the weatherman seems to have decided we need warmer weather.

I know there are dozens of things I will recall when I have read this off to the office this evening—things that I intended to write about, but they must wait. Just one thing more—have you noticed the new electric lights at the post office—the street lights. I mean, and the poles removed from the top of the hill all down the west side of Main St. with the street lamps now on the side of the buildings. Every inch on our narrow Main St. counts, but the traffic jams are still bad, especially when the big delivery trucks park right in the middle of the street.

As for the drive for clothing for Europe last week and the week before, I feel sure Newmarket feels a glow of satisfaction at what we accomplished! Each day different church groups and organizations took their turn at receiving, sorting, re-folding and packing the many articles sent in, under the splendid supervision of Jack Luck.

MARK PAPERS

Four members of the Aurora high school staff have been booked to mark departmental examination papers in Toronto this week.

The quartet are N. F. Johnson, Mrs. M. Cameron, Arnold Miller and Miss M. Sinclair.

SERVING AURORA AND DISTRICT

'It's Private Property' Reply To Protest Against Refuse

Pipe for a new water extension to serve Edward St. will cost \$2,054, according to Town Engineer W. E. Redfern, who has advised Aurora town council that the order had been placed with the National Iron Corporation. Once the pipe arrives the work will get underway, Deputy-Reeve Asa A. Cook told the town council Friday.

In answer to an enquiry from William Trent whether the Wellington St. west water extension would be done this year, Mr. Cook told him "it is just a case of getting the material. It has been passed and the necessary pipe has been ordered. We hope it can be done this year."

Dr. Crawford Rose drew attention to the condition of refuse behind the stores on the west side of Yonge St. and urged the matter be brought to a head. "We told them if they didn't clean-up, we would and charge them for it, but the matter has been allowed to drag on."

"It is private property, and we had better keep our nose out of it," said Councillor Stewart Patrick. "Let them clean up themselves."

"I think it is municipal business to see the whole back is improved," said Dr. Rose.

The clerk was instructed to check with surveyor, W. S. Gibson, regarding the plan for a street at the back of the stores, and with the town solicitor as to the private property involved.

John Bowser was sold three lots on Lepper St. at a price of \$400 with the stipulation that residences conforming with the building by-law be built on them within a year.

The estimated cost of the pipe ordered for the extension on Wellington St. west is \$3,326.50. The cost of both this work and that on Edward St. will be borne by the waterworks department.

COUNCIL ITEMS

A new uniform for Constable William Langman purchased from Central Cleaners cost \$49.40.

Aurora Women's Institute was granted permission to hold a tag day on September 21.

Aurora's share of county hospitalization for last month was \$88.15.

Relief accounts for June totaled \$54.54.

Aurora's street lighting bill from the hydro commission showed an increase of \$53.83 over previous months in June. One hundred-watt bulbs have replaced the old 60-watt type and this explains the higher rate, according to Town Clerk Harold Clark.

Aurora's new waterworks pump, ordered in February, will finally be delivered by Babcock-Wilcox of Galt this month and will be in operation before August.

BUDS NIPPED BY COMBINES IN HOT TEST

Combines served notice last Friday that when the honors in lacrosse are being handed out, they'll be right there. In a torrid contest that had the fans on their toes from start to finish, they polished off Maple Buds 9-8, the second time within a week. The sultry weather kept down the crowd somewhat but those who did attend will be out tomorrow night in full force as the Combines tackle the league-leading Woodbridge club at Aurora arena.

After end-to-end play which saw Rumble and Smith at their best, Combines scored two fast goals, Cleve Burton shooting from a difficult angle to beat Rumble and Wark firing home a long shot through a maze of players. Ingram got one back for Maple but Ray Burton on a three-man all-fault passing attack made it 3-1. Ray Thompson cut down the lead as the period ended.

In the second quarter Thompson took things in hand and on two brilliant scoring efforts he gave Maple the lead. Harry Burton tied the score and later fired home another to give Combines a 5-4 lead at the half.

Ingram tied the score again early in the third and then Jeff Elliott rapped home two sweet counters from close in to make it 7-5. Beh Thompson increased the lead to 8-5 and the game seemed in the bag as the period ended.

Maple put on the pressure in the final period and with goals from Thompson, Stan Foster and Lorne Wells, tied the score with three minutes to go. Penalties left the Combines short-handed.

Ray Burton, with about a minute of play left, pulled the game out of the fire, taking a pass in front of the net and firing home the rubber as he crossed with a Maple defenceman draped on him.

The winners played most of the way without Bruce Wark, their defence stalwart, who twisted an ankle, and part of the period without Hughie Kerr, who stopped a ball with an eye. Smith played another fine game in the nets and Scotty Johnson, switched to the defence, played a good game. The pony express line of Burtons and Kerr carried the mail all night and worked overtime with their team short-handed.

Roy Thompson, with four goals, paced the Maple attack and along with Ingram was the best up front. Al Orr played a strong game on defence.

At the weekend the league standing read:

	W	L	Pts.
Woodbridge	7	2	14
Combines	7	2	14
Maple	4	4	8
R. Hill	1	9	8

Town's Share Of Improving Tannery Creek Said \$3,300

The total cost of changing the sewer system and diverting and improving the tannery creek, exclusive of engineer's fees, will cost \$12,174.08 according to figures submitted by the Collins Leather Co. to the municipality. The firm feels the plan will benefit the town as well as itself and has requested council to consider the assumption of \$3,300 as the town's share of the job.

Aurora town council has made no decision in the matter and it will not be dealt with until August at the earliest. No one voiced their opinion in the matter at council meeting last Friday, it being passed on to committee.

William Harrison, a veteran, who submitted the lowest of four tenders, received the contract for the collection of garbage in Aurora last Friday and has commenced his new job. He receives \$2,100 a year, a figure a little over \$100 less than that paid to N. C. Hawkins.

Council members expressed concern as to where the garbage would be dumped as the contractor must supply his own dump. Mr. Harrison's dump is in the township of King and some members doubted if he would be able to haul the garbage to the dump in winter months. Any proposal to dump on the Trent farm at the west limits of Aurora will be vigorously opposed by council, Mayor Ross Linton told William Trent, who said he had been approached to allow garbage to be dumped on his property as was the case some years ago.

Survives Contest Of 1,700 To Win Target Match

Cadet Sgt. Howard Patrick of Aurora high school cadet corps brought honor to Aurora high school and the municipality at the recent M.D. 2 cadet camp, Niagara-on-the-Lake, by annexing the rifle shooting contest for the entire camp on the 25-yard range. Howard, who is 17, fired countless targets and never failed to record a perfect score.

All of the close to 1,700 cadets who attended camp had firing time on the range and these were eliminated until but 80 remained. Efficiency of the training of Major N. F. Johnson may be seen by the fact that in addition to Howard, Sgt. David Johnson, Cpl. John Pringle and Sgt. Bob Hollingsworth of the Aurora contingent were all in the running. The 80 started in the morning and by noon seven were left in. Finally it came down to a case of the survival of the fittest with Cadet Red Harling of the Collingwood corps and Howard left in the running. The Collingwood lad was the first to miss the bull and Sgt. Patrick won the title of the best shot in camp.

In addition to his shooting, Sgt. Patrick is one of the school's all-round athletes, playing on the senior basketball and hockey teams, as well as Aurora juvenile Lions and Aurora junior lacrosse teams.

CADETS BRING HOME PENNANT FROM NIAGARA

Major N. F. Johnson, cadet instructor at Aurora high school, had reason to feel proud of the achievement of "his boys" and particularly Aurora high school cadets at the recent M.D. 2 cadet camp at Niagara. Major Johnson was company commander of "C" company and had cadets from Bracebridge, Collingwood, Barrie, Oakwood C.I., Weston and Aurora under his command. "C" company was judged the most efficient unit in the camp of 1,700 and never finished worse than second in any competition. They also won the pennant for the best company at rifle shooting on the miniature range.

In addition to the rifle triumph of Sgt. Howard Patrick, the Aurora cadets were judged the most efficient in the prize-winning "C" company and brought home with them a pennant which will hang in the Aurora school. The awards were made by Major George Beale, M.C., district cadet officer, on the morning parade of the final day of camp.

Newmarket Vets Bow 8-4 As Locals Start To Click

Aurora softballers finally crashed into the win column on Tuesday night, taking Newmarket Vets 8-4 in a game that saw plenty of hitting and good fielding. Newmarket garnered two in the first only to have Aurora knot the count in their half. Another pair went to Jack McDonald's men in the top half of the second, Aurora getting one back in their half. Both teams failed to score in the third or fourth and Aurora tied it in the fifth when Canning drew a walk, Wilf White singled, Ray White went down swinging, and Canning crossed the plate on Yake's infield out.

The Aurora boys got to Long John Vandenberg in the sixth for four counters. Tidman singled, taking second on Canning's infield out. W. White singled, Canning holding third. Ace Yake drove both runners across, with a hard single going to second. A passed ball put Yake on third from where he scored on Case's single. A wild throw to second to nail Case put over the final tally.

Ed Tidman went the route for Aurora and after a shaky start pitched good ball. The addition of Wilf White to the outfield added defensive strength and hitting power, and Red Castle at short, while weak at bat, plugged the shortstop gap. Gibney and Smith carried the punch for the losers, who, unable to get cars, made the trip to Aurora and home by taxi.

The two teams met at Newmarket in a return game Friday night.

Newmarket: Mosier, Vandenberg, Smith, F. Evans, Mair, Stan Evans, Stepak, Gibney, Legge.

Aurora: Case, Tidman, Yake, Wagg, R. White, Castle, Canning, W. White, Emmons.

Umpires: May and Richardson.

CARNIVAL NETS \$800 FOR MEMORIAL FUND

While official figures are not yet available, it is thought that at least \$800 was raised for the Aurora Board of Trade's Community Memorial fund at the carnival held last week.

Prizewinners were: Dansstone, photograph, George Jiggins, Aurora; tri-lite lamp, J. W. Currie, Newmarket; lawn mower, Walter Davis, Aurora; calfskin, Mrs. W. Mabley, Richvale; roller skates, Miss Eva Moore, Newmarket.

A pair of lawn chairs was won by the holder of ticket No. 2384 and the winner should contact George Moody, Bank of Montreal.

BUY CHARGER

A battery charger has been purchased by the town at a cost of \$110 for use by the Aurora fire brigade.

MAKES IT STRAIGHT EIGHT FOR MIDGETS

Ronnie Simmons set down Stouffville midgets on Monday night with nary a safe hit in five innings played and only one run which was unearned as he yielded a couple of walks and his mates erred. It was the best pitching performance of the season as the Aurora youngsters swept to their eighth triumph. The final score was 6-1 with Aurora being full value for their win.

Jack Andrews teed off on one of Bud Ward's pitches for a mammoth homer to deep centre, the sacks being clear at the time. Don Holman made his first appearance at second base and played a strong game, while Jim McDonald, back from cadet camp, turned in a nice effort behind the plate. Jim Cook made the feature fielding play of the game.

Urges V.O.N. Support Through Membership

The chairman of the publicity committee of the V.O.N. executive, Dr. Crawford Rose, issued the following statement:

"A word about those membership cards that the membership committee is offering you this week. Did you ever stop and think just how much it means to be a part of something worth while? That is just how every member of the Aurora branch of the V.O.N. feels; that their name is giving strength and help to an organization whose purpose is to provide nursing care for those in need, rich or poor; that their dollar is helping to bring to Aurora something it sorely needs; and that becoming a member gives them the privilege of helping to guide the policies and progress of the local branch. Money will be collected and spent. Not one dollar of it goes outside the town to the national organization. Each local branch is self supporting.

"As canvassers you will find a very few people who are opposed to a V.O.N. Generally speaking the same ones are also opposed to everything progressive. There are still folks in town who think we don't need a new public school and argue that the school that was good enough for their parents is good enough for other people's children (they have none of their own). There were men who opposed a Lions club as so much nonsense who, after it became an established fact, asked to join it because they saw they were missing something. There are 1,000 arguments in favor of a V.O.N. There is not one argument against it.

"The other day I saw two robins building a nest. They had found the location they wanted but a large nut, complete with shell lay in the way. For a while they were in a quandry; then they solved the problem by building their nest around it."

JOINS STAFF

Miss R. Johnston, who has been teaching at Keswick, has been appointed to the staff of Aurora public school, replacing Miss Hazel McBride, who resigned some weeks ago.

26 TRY ENTRANCE

Twenty-six pupils, 17 from out of town, tried their entrance examinations at Aurora last week. Principal J. H. Knowles presided.

WIN SEVENTH GAME

Aurora midgets won their seventh straight game at Markham last week as they handed the Markies a 20-3 defeat. Ron and Gerry Simmons handled the pitching. Jack Andrews had five hits and Keith Kyle and Ron Simmons had four hits each.

Mr. and Mrs. Geo. Altridge,
Toronto, were holiday guests of
Mr. and Mrs. J. E. Baines. Mr.
Altridge was soloist at the open
air service in Pine Beach park
Sunday evening.

Bob Clark is a Keswick boy
who has been at Camp Ahshun-
young since June 27. Since Bob
is one of the 11-year-old boys
who is eligible for both boys'
camps, he is staying for the
intermediate camp.

Bob Atchison, Albert Smith,
Donald Harper, Ronald Browne
and Allan Peters are the other
local boys now at camp. Rev.
Gordon Lapp is program direc-
tor for this camp.

The Keswick entry in the
Lake Simcoe Softball League
was still leading the northern
group on July 2. Zephyr and
Willow Beach played a tie
game, called on account of dark-
ness, on June 28. Baldwin won
from Roche's Point, 13-8, on
June 27, after losing to Willow
Beach two days earlier.

Keswick absorbed a 14-4 de-
feat at the hands of a Sutton
team on June 26 but, fortunately
for their standing in the
league, this was only an exhibi-
tion game. Sutton is not
entered in the league.

Keswick Scouts finally played
the return games, three times
postponed, with the Sutton boys.
Transported to Sutton by Mrs.
Sinclair and P. Mahoney, E.
Winch and Rev. Gordon Lapp,
the boys brought back victories
in both games. The senior score
was 21-18 and the junior 33-20.
The boys mean business when
they start scoring runs.

Keswick senior boys' team:
Smith, E. Folkeard, B. Winch,
Heffering, N. George, Bunn,
Atchison, I. Rye, T. Peters.

Junior team: McGenerty, Kay,
Walker, D. Huntley, Henry, Har-
per, G. Clark, Chandler, Sinclair,
M. Winch, B. Draper.

The United church evening
service of next Sunday, July 7,
will be at Indianola Beach Park
at 8 o'clock, preceding the con-
cert held there.

A Toronto cottager, guest at
one of the recent showers in
this community, wished that she
had been living in the country
when she became engaged and
was married. "What I couldn't
have done with a pile of gifts
like that," mused the lady. It
was the same story over again
on June 25 when people of Kes-
wick and vicinity honored Mrs.
Wallace Donnell, recently arriv-
ed from England, and her hus-
band. Many beautiful and use-
ful things testified to the
warmth of the welcome extend-
ed to Mrs. Donnell and to Wal-
lace, who preceded his wife to
Canada some months ago.

The United school room was
tastefully decorated, with a
wishing well the central feature.
The gifts were drawn from it.
The program was mostly musi-
cal, although Mrs. Erwin Winch
contributed a reading and a
team of ladies gained a tie in a
sports knowledge contest against
a team of men drawn from old
time soccer and baseball players.

The Newmarket Era and
Express office is open Satur-
day evening, from 7 to 9

**Farewell Presentations
Made To Shannons**

A social evening was held
Wednesday, June 26, in honor of
Rev. and Mrs. Hugh Shannon
who are leaving this charge and
taking up duties in Hawkestone
after eight years of faithful ser-
vice here.

The church basement was well
filled with old and young. The
sing-song was led by Murray
Huntley. Violin selections were
given by Mr. Rigler. Several
humorous readings were given
by Margaret Mainprize and con-
tests were enjoyed by all.

The church board presented
Mr. Shannon with a cheque for
\$100.

Mrs. Shannon was the recipi-
ent of an occasional chair from
the Young People's Society,
Spode chinaware from the C.G.I.
T. group, linen table cloth and
serviettes from the Women's
Association and the Women's In-
stitute. Mr. and Mrs. Shannon
graciously accepted the gifts and
thanked the people who had
made their work so pleasant
here.

On Thursday evening the choir
presented the Shannons with
some chinaware.

Rev. Millen and Rev. Shannon
were wished happiness and suc-
cess in their exchange of circuits.

Mrs. Percy Boag entertained
one day last week for her moth-
er, Mrs. John Hamilton, who
celebrated her 88th birthday.

Miss Jean Kavanagh was home
over the holiday.

Buddy and Linda Donnell are
visiting their grandparents for
several weeks while Mr. and
Mrs. Donnell are holidaying at
Severn Bridge.

Mrs. Art Greig, Mrs. Walter
Rose, Mrs. Newell, Mrs. Art
Alexander and Mrs. Angus Smith
attended the Eastern Star ban-
quet at Orillia on Friday and
report a good time.

Mr. and Mrs. Roy Gibson and
family of Newmarket, Mr. and
Mrs. Tom Allison, Richmond Hill,
visited at the home of Mr. and
Mrs. Angus Smith on Sunday.

Mrs. W. H. Burkholder had an
accident in Toronto recently,
fracturing her knee.

A social evening of the East
Gwillimbury teachers was held
at the home of Mrs. Chas. Mil-
sted on Thursday, June 27.

The monthly meeting of the
Women's Missionary Fellowship
of Queensville Baptist church
was held at the home of Mrs.
Fred Rogers with Miss Ruth
Rogers presiding. After the
opening hymn and prayer, Misses
Ruth and Shirley Knights sang
a duet. Miss B. Deer read the
Scriptures and Miss Marion Rogers
brought a brief message on
Unity in Christ. At the close of
the devotional period, the ladies
completed a quilt to be sent to
France.

A strawberry festival was held
at the home of Mr. and Mrs.
Archie Smith on Second St. Fri-
day night, sponsored by the
Young People of Queensville
Baptist church. A group from
Langstaff Baptist church provid-
ed music and a hearty sing-song
was enjoyed. Refreshments
were served on the lawn.

The regular meeting of the
Women's Missionary Society was
held at the home of Mrs. J.
Pinder, June 27. Readings on
W.M.S. work in different parts
of the province were given by
Mrs. John T. Covison, Mrs.
Jacob Smith and Mrs. Stalli-
brass. It was decided to dispen-
se with both the July and August
meetings and the September
meeting is to be held at the
home of Mrs. Fred Glover.
After other business was taken
care of, a W.M.S. life member-
ship was presented to Mrs. Hugh
Shannon by the vice president,
Mrs. Jacob Smith, and the pre-
sentation address was read by
the secretary, Mrs. Sydney
Thompson. Refreshments were
served at the close of the meet-
ing and a social half-hour was
spent.

James Cunningham underwent
an operation at York County
hospital Tuesday morning and
his condition is reported as fav-
orable.

MOUNT PLEASANT

Mrs. Bernard Davidson and
Mrs. Bert Stephens spent Friday
afternoon with Mrs. Ross Stiles.
A number of the Mount Pleas-
ant people picnicked at the lake
on Sunday and report a large
crowd there for over the holi-
day.

The hot weather of last week
and Sunday has become cooler
owing to the big storm on Mon-
day which was welcomed by
many of the farmers.

Mr. and Mrs. Robt. Davidson
received word of the death of
their nephew, Kermit Glossar, at
North Portal, Sask., last week.

Miss Isabelle Moulds, Toronto,
was home over the holiday.

Miss Dorothy Wight, Toronto,
spent the holiday with her fam-
ily, Mr. Stuart Wight.

Quite a number from here
attended decoration services at
Queensville last Sunday.

Mr. and Mrs. Cole and family
of Toronto spent Sunday with
Mrs. Everett Yorke and Claude.

Mr. Claude Yorke made the
Junior Farmers trip to Guelph
Experimental Farm last Satur-
day.

The Women's Guild will meet
at the home of Mrs. Wm. Moulds
on Tuesday, July 16, at 2:30
p.m.

**RAVENSHOE
Make Presentation To
Departing Teacher**

Held at the home of Mrs. Mer-
ton Rutledge, the June meeting
of the United Woman's Mission-
ary Society was well attended.
Mrs. W. A. King presided.

Ravenshoe school was filled as
if for a Christmas concert when,
on June 26, the people of the
section and the pupils of the
school gathered to say farewell
and extend their appreciation to
Miss Ruth Gooding. A reading
lamp and an electric iron were
presented to the popular young
teacher who, after two years'
service, is taking a school near
Gormley.

A number of those present
saw appreciatively of Miss
Gooding's work and leadership
in the section. A program of
music and readings preceded
the presentations, and refresh-
ments were served at the close
of the evening.

Service in the United church
next Sunday will be at the usual
afternoon hour of 2:15, with
Sunday-school following. In the
event of uncomfortably hot
weather, service will be in the

CHapel SCENE
OF WEDDING

Rev. G. A. Stone was the officiating minister at the quiet wedding of Marguerite Corinne, daughter of Mrs. Fred Hoare, Newmarket, and William Joseph, the son of Mr. and Mrs. Ernest Gardner, in St. Paul's chapel June 28. The chapel was decorated with pink and white peonies. Mrs. J. O. Little was organist.

The bride, given in marriage by her brother, Mr. George Hoare, wore heavenly blue crepe with white accessories. Her flowers were sweetheart roses and orange blossoms. Mrs. Harold Finnigan, sister of the bride, was matron of honor. Best man was Mr. Harold Finnigan.

Following the ceremony, a reception was held at the home of the bride's mother who received in romance blue silk jersey. For travelling by motor to the United States, the bride wore brown gabardine with powder blue accessories. The couple will reside in Toronto.

MARK ANNIVERSARY

Quietly celebrating their 40th anniversary, Mr. and Mrs. Lambert W. Richardson were surprised on June 27 by a group of friends and relatives who called to congratulate them.

Among Aurora relatives was Austin Richardson, brother of the groom and groomsman of 40 years ago.

Three of their four children, Mrs. John H. Lamb (Muriel), Charles and Mrs. W. Edward Cryderman (Minnie), and the six grandchildren, Ruth and George Richardson, Glenna, Kathryn, Kenneth and Charles Cryderman, were present. Miss Louise was unable to attend.

The bride and groom received many cards, phone calls, gifts and flowers, including a mammoth basket of spring flowers from Elm Grove Women's Institute.

The happy evening ended with friends lingering over a cup of coffee and lunch.

entation of a set of book ends and a book of poems was made to Rev. H. Shannon, the pastor of Hope United church for eight years. Everyone enjoyed the evening.

Miss Ruth Wilnot has accepted a position at Mountain Lake Tourists Home.

Mr. and Mrs. Jack Smith and Mr. and Mrs. Roy Smith attended decoration services at Queensville, had tea at their cottage at Lake Simcoe and spent the evening with the Breen family.

Mr. Russell Breen, Toronto, and Mr. and Mrs. Ivan Breen, Georgetown, were at the home of Mr. and Mrs. James Breen recently. Master Kenneth Breen returned home with them.

Miss Erna Shaw, Toronto, was the guest of her sister, Mrs. Ivan Eves, and Mr. Eves recently.

Mr. and Mrs. Cameron Eves, Milton, spent the weekend at the home of Mr. and Mrs. Ivan Eves.

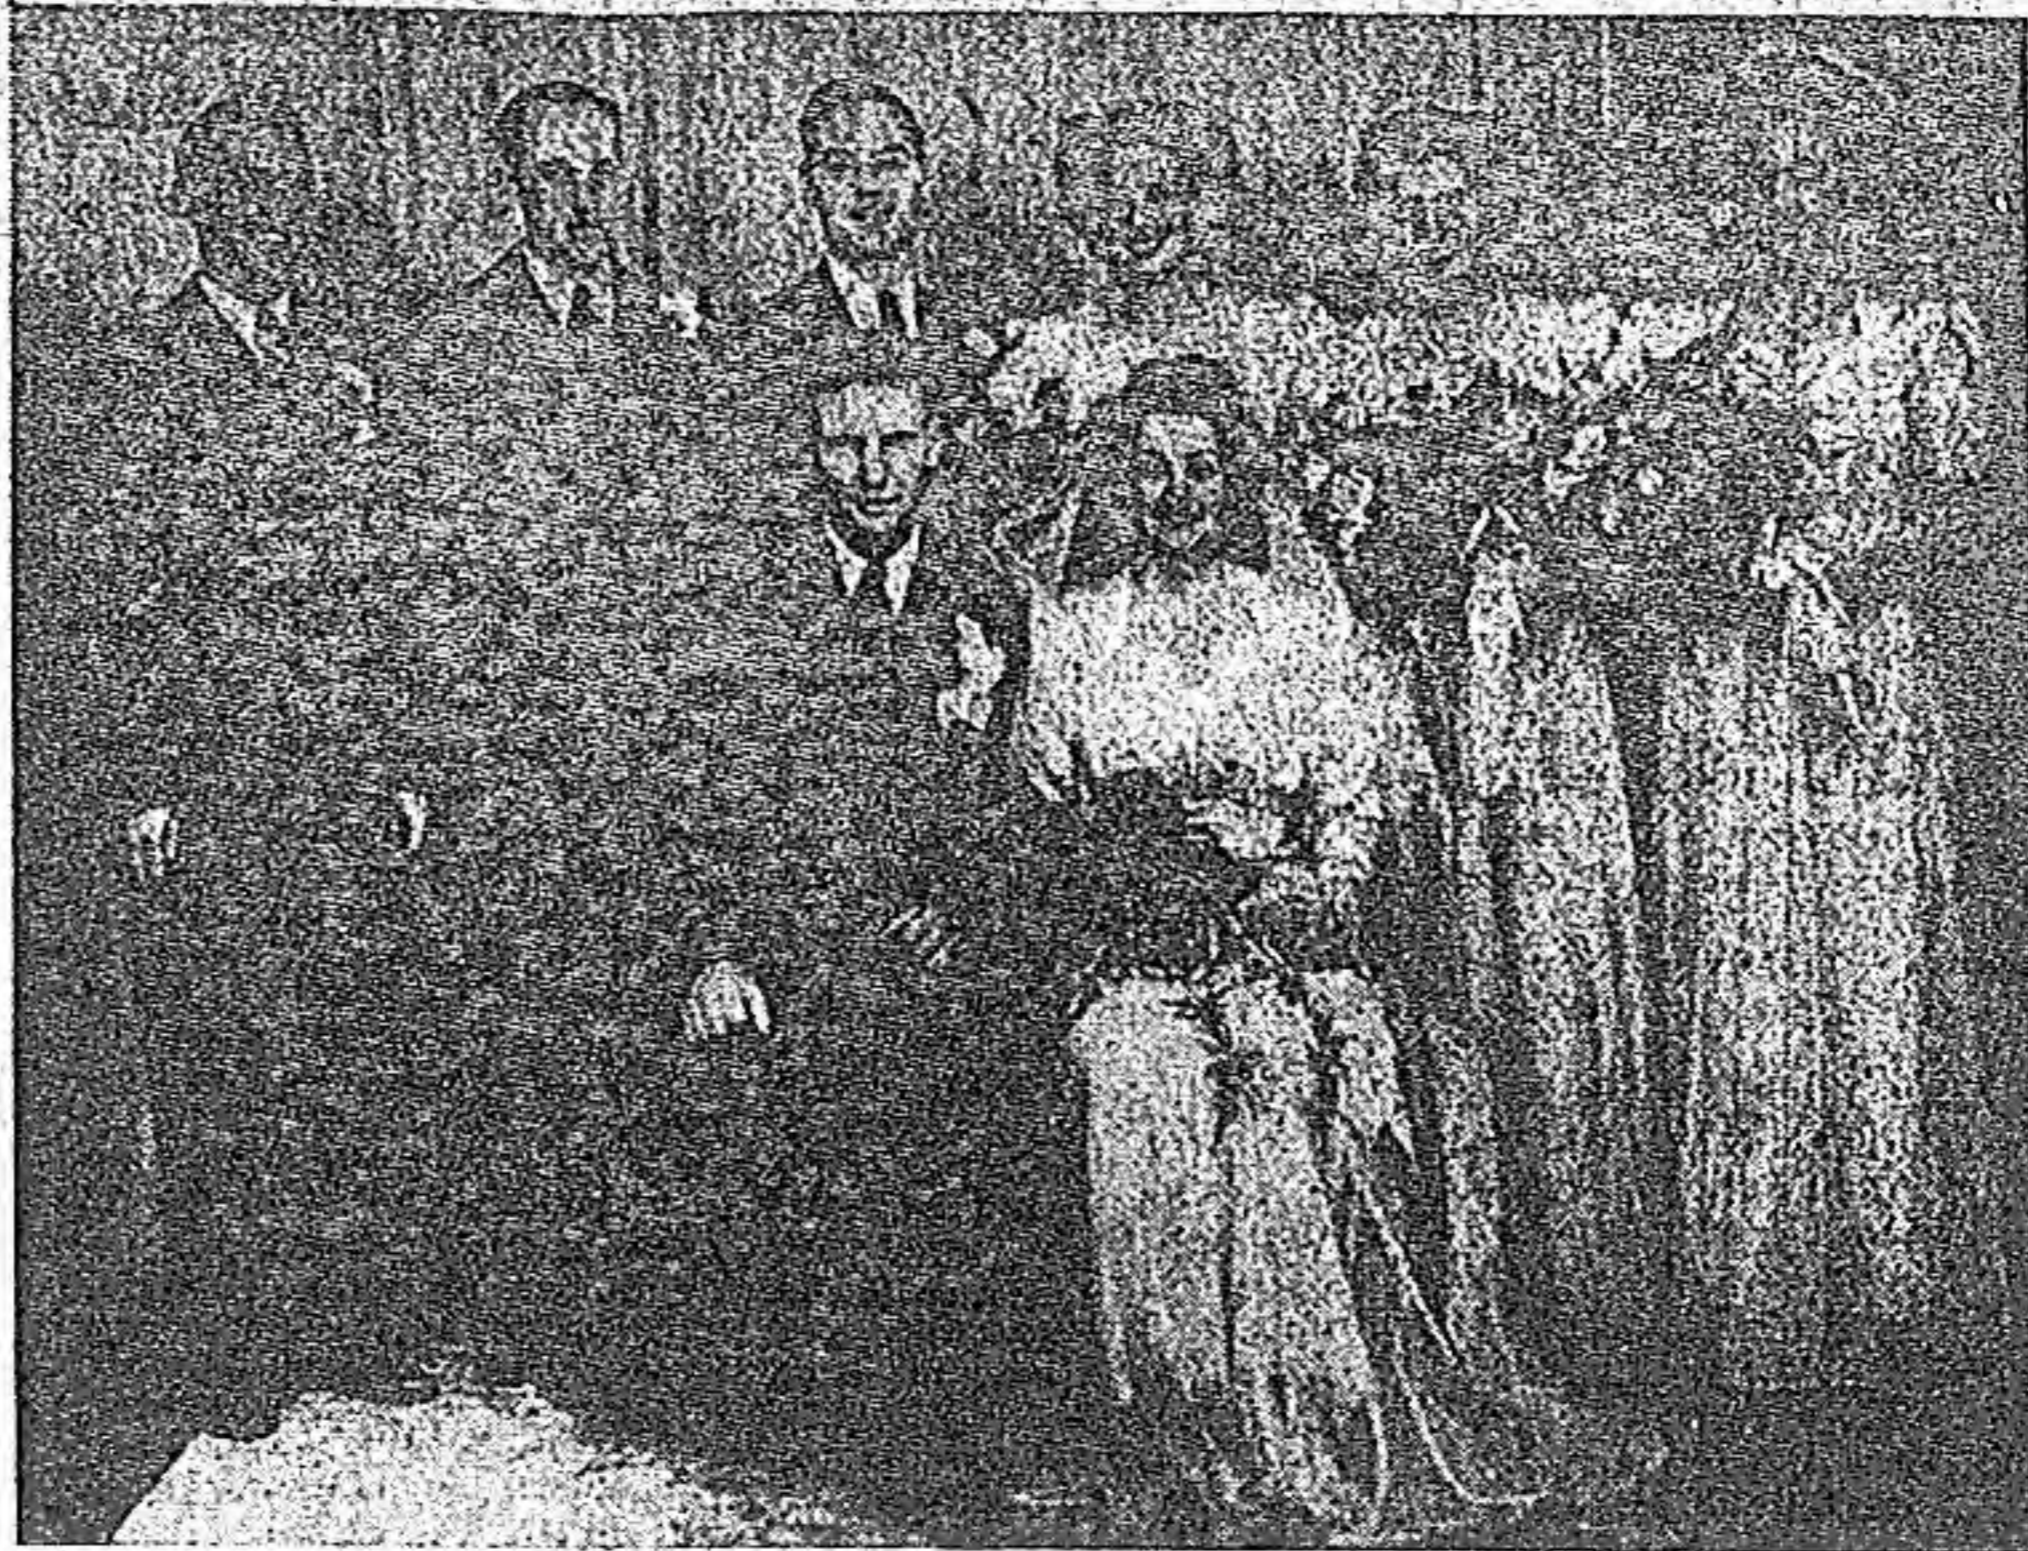

Mrs. Howard Breen and Donna are visiting at the home of Mrs. Breen's parents, Mr. and Mrs. Andrews, Second St., and enjoying a holiday.

Mrs. Russell Breen, a war bride, is expected home on Friday.

A number from here attended Queensville decoration service on Sunday.

EXERCISE FOR HEALTH

Exercise, like food, should be enjoyable to be truly beneficial, says an authority in the Department of National Health and Welfare, Ottawa. "Do you sit without sag, and stand without strain?" this public health officer asks, "if not, you may need exercise. Learn to play every day and to be as alert in body as in mind."

A pretty wedding was solemnized at Trinity United church on Saturday, June 8; when Winnifred Alice Lee, daughter of Mr. and Mrs. James Robert Lee, Newmarket, was united in marriage to Joseph Alderson, son of Mrs. Thos. Alderson, Newmarket, and the late Mr. Alderson. The bridal party is pictured above. From left to right they are: Ray Shier and R. L. Chadwick, ushers; Jim Snadden, best man, and the bride's attendants, Misses Rose and Dorothy Lee, sisters of the bride, and Miss Jean Woodcock. The young couple are seated. Photo by Budd.

BROOKS-ATTWOOD
RITES JUNE 29

A lovely summer wedding was solemnized on Saturday, June 29, at three o'clock at St. John's Anglican church, St. Thomas, when Rev. C. H. James united in marriage Ruth, daughter of Mr. and Mrs. W. A. Attwood, 66 St. George St., to Robert Wesley Brooks of Toronto, only son of Mr. and Mrs. Wesley Brooks of Newmarket. Miss Marjorie Andrews of Aurora, cousin of the groom, presided at the organ.

To the strains of the bridal chorus from Lohengrin, the bride entered the church on the arm of her father who gave her in marriage, and took her place before the altar banked with palms and summer flowers. The bride looked lovely in her wedding gown of white silk jersey fashioned with long full skirt lengthening into a short train, with a fitted bodice buttoned to the waist at the back. The long sleeves were pointed over the hand and trimmed with buttons. The fingertip veil of fine lace was finished with a headress of rose-point lace. She wore the gift of the groom, a three-strand

necklace of pearls, and carried a white prayer book on which rested an orchid with a shower of staphis.

Mrs. P. J. McLean was her sister's matron of honor and looked lovely in a floor-length gown of apple green faconne made on princess lines with a boat-shaped neckline and long pointed sleeves finished with shoulder pleats. Her headress was a dutch cap of faconne to match her gown, and she carried a bouquet of yellow roses. The bridesmaids were Miss Marie Andrews of Birtle, Man., and Miss Mary Campbell, who wore similar gowns, the former being in orchid and the latter in primrose yellow faconne. Their gowns were made in basque style with full skirts extending into a slight train. The bodices had high necklines, short sleeves and shoulder drapes. Both wore dutch caps to match their gowns and carried yellow roses.

Mr. James Russell of Thornhill attended the groom and the ushers were Mr. Kenneth Attwood, brother of the bride, and Mr. Robert Cody of Newmarket. As the guests assembled, Miss June Wilson sang I Love Thee, Dear, and during the signing of the register Ava Maria.

Immediately following the ceremony, a reception was held in the parish hall. Mrs. Attwood wore a street-length dress of navy crepe trimmed with heavenly blue eyelet embroidery and white accessories and a corsage of red and white carnations, and Mrs. Brooks, mother of the groom, wore a gown of shell pink mesh and black accessories and a corsage of sweetheart roses and white carnations, to receive with the bridal party.

The wedding supper was served to 75 guests in the parish hall by the Evening Guild.

Mr. and Mrs. Robert Brooks left later on a honeymoon to Muskoka. The bride travelled in a tailored brown and white stripe dress of silk crepe with matching accessories and a coat of beige covert cloth with full skirt and dolman sleeves and a corsage of red and white carnations. Upon their return the couple will take up residence in Toronto.

Out-of-town guests were present from Newmarket, Thornhill, Windsor, Detroit, Port Carling, Preston, Aurora, Hamilton, Stouffville, Mount Albert and Port Nelson.

Four Aurora high school students are bound for farm service work in the Niagara district this summer. Ruth Knowles left on Sunday for Riverview, while Peggy Gunton, Joan Hill and Shirley Starkey will leave shortly.

COUPLE UNITED
IN HOUSE RITE

The wedding took place at the home of the groom's parents, 10 Hamilton St., Newmarket, June 28, of Iona Velda, daughter of Mr. and Mrs. Hugh Byers, Newmarket, to William Edward, son of Mr. and Mrs. Frank O'Halloran. Rev. Henry Cotton officiated. Mrs. E. Ward, Toronto, provided the music.

An arch of evergreens and peonies made a pretty setting for the ceremony.

Given in marriage by her father, the bride wore a gown of figured net over taffeta with finger tip veil, and pearls, her only ornament. Her flowers were pink roses. Mrs. Audrey Baker, sister of the bride, was her attendant in pink sheer over satin. Her flowers were yellow roses. Mrs. H. Ward, sister of the groom, was matron of honor in a gown of blue triple sheer over taffeta with pale yellow roses for flowers. Miss Donna O'Halloran was junior bridesmaid in blue figured organdy and carrying pink roses.

Mr. James Francis O'Halloran was best man and the ushers were Messrs. John O'Halloran and Austin Byers.

The reception was held at the home of the groom's parents with the bride's mother receiving in mauve crepe with a corsage of pink carnations and the groom's mother in black crepe with a corsage of pink carnations. For the honeymoon, the bride wore a steel grey dressmaker suit with white accessories. They are honeymooning in northern Ontario. On their return, the couple will live on Main St., Newmarket.

Guests from a distance included Mrs. Leslie Harper and son, Gerald, Miss Loretta Day and Mrs. E. Ward, all of Toronto.

ZEPHYR MAN
WEDS IN TORONTO

Humbercrest United church, Toronto, in a setting of standards of white and red flowers and orange blossoms, was the scene of the wedding June 28 of Luella May, daughter of Mrs. Higgins, Toronto, and Neil Edmund, son of Mr. and Mrs. James Lockie, Zephyr. The organist was Mr. Ross Richardson and Rev. J. S. Ferguson conducted the ceremony, assisted by Rev. Hazlewood.

The bride, escorted up the aisle by her brother, was given in marriage by her mother. She wore a white taffeta dress with fingertip veil and sweetheart headress. Her flowers were American Beauty roses and white bouvardia. The sister of the bride, Miss Olive Higgins, was bridesmaid in a coral dress trimmed with turquoise blue velvet ribbon and carried a colonial bouquet of deep pink roses and blue cornflowers. Mr. Irvin Lockie, Hamilton, was bestman for his brother. Messrs. Charles Wright and W. Irwin were ushers.

The reception was held in the Old Mill where the groom's mother received in old rose crepe with a corsage of white roses and blue cornflowers, and the bride's mother wore heaven blue with a corsage of deep pink roses and blue cornflowers. For her honeymoon, the bride wore an old rose dress with blue accessories. The wedding trip was a tour of the Muskoka district. The couple will reside in Toronto.

DOWN THE CENTRE

(Continued From Page 8)
hurler of the Aurora Lions mid-get team, might well have reached the hall of fame this week if the game against Stouffville had lasted longer. He had his stuff working well and had the visiting batters handcuffed. No hits in five innings is nice pitching in any case.

If the Toronto fight promoters are looking for a "featha attraction", they might do worse than to sign up Eric Upton and Tommy Dales. Irked by his poor base running, "Gooch" and Tommy got into an argument and finally fisticuffs following the game at the Hill last week. Both boys put on quite a show and ended up about even. Like most events of such nature, the two boys shook hands afterwards and are pals now.

Bob Hassard, who performed for Richmond Hill hockey juniors two years ago, was picked as first alternate choice from the crop of Toronto teen-agers who flashed before the eyes of Fresno Thompson, scout for the Brooklyn Dodgers. Hassard is a first baseman and is booked for a trial at Tulsa with the Oilers hockey team next winter. No local youngsters were down for the workout, it being a strictly Toronto affair with the winner getting a free trip to Brooklyn and a chance to perform in a junior "all-star" game before the Flatbush fans.

Earl McCrobie, who has played standout hockey for Richmond Hill juniors the past two years, has asked for and received his release from Secretary Jimmy Grainger of the Hill club. McCrobie, who was generally regarded as the best of the Hill crew, hopes to hit it across the pond to Scotland next winter. We understand the salaries range at around \$40 per week, plus transportation, etc. Bob Hacking, former Aurora athlete and now a squadron leader with the R.C.A.F., arrived in Aurora last week, the last Aurora airman to come home. Looks in the pink and hopes to have his wife, an English girl who served in the English Wrens, over in Canada soon.

VANDORF

Vandorf, June 27—Miss Doris Myers, Toronto, was a weekend guest of Mr. and Mrs. Clayton Pogue.

Mrs. Hiram Switzer returned Tuesday night from a visit in Toronto.

Miss Audrey Crawford, youngest daughter of Mr. and Mrs. John Crawford, was taken to the Hospital for Sick Children, Toronto, a week ago, where she has been under observation.

News On
Recreation

By Dick Mather, recreation co-ordinator

In the town office window, Main and Botsford Sts., there is a board placed by the recreation council to provide a listing for all types and forms of recreation. At the present moment it has upon it a number of organizations which are not functioning actively, these are put there to give some idea of the pursuit that might be engaged in. Later on we intend to limit it to a straight bulletin board giving a program of all activities in which the public may take part. All organizations are invited to send to me a brief outline of their purpose and scope and to have this information displayed. It is especially desired to have scheduled events placed there. We have a few at the moment but it is necessary for the groups themselves to contact us.

Any persons interested in forming groups are also invited to make use of this board and of my services as co-ordinator. We will be glad to put a notice up and have a meeting called, to help you get a group or club organized, to provide you with information and assist perhaps with materials.

My office is at the council chambers, phone 695. Hours at present are from 10 a.m. to 12:30 p.m. but these will be changed after the swimming program starts, July 8, from 3.30 to 5.30. However, we are putting a suggestion and notice box on the back of the bulletin board and a note there will always reach me.

Softball. Four teams have been picked among the 14-year-olds to play a series of games during the summer. Jerry Hup is secretary of this league and will be glad to hear from any persons who have not yet been picked. Fourteen is the average age but over or under does not matter.

Dick Edwards is acting secretary for an older league, taking in most of the younger high school students. Get in touch with him if you'd like to play on a summer schedule. If you are going away for part of the summer it won't matter as they are planning to have at least 10 men to a team to take care of that possibility.

Girls interested in forming a similar league are asked to see Pat Daniels anytime.

Tennis. Last week there were a few more youngsters taking advantage of the Saturday morning classes. It is still not too late to start taking part; just drop around at 9.30 Saturday morning (if you are under 15), at 10 if you are older.

Swimming. There is a possibility that we may be able to provide an instructor to go out to Glenville pond to take advanced swimming lessons. If there are any who would be interested in this I will be glad to hear from you.

Advertisers—
Our circulation is your
Audience

If you were going to buy the privilege of talking to a theatre audience about your business you would want to know all about the audience. How many people? Where do they live? How much did they pay to get in? The answers to these questions would have a bearing on the value of the audience to your business.

THESE are the things you want to know about the people who read your advertising too. In the circulation of this newspaper we offer you an interested audience of people who can use your merchandise and service.

Just as a merchant buys and sells merchandise on the basis of known standards of quality, weight and measure, so are we prepared to tell advertisers all about our circulation.

That's why we belong to the Audit Bureau of Circulations—to give our advertisers a verified count and description of the audience that they get when they buy advertising in this paper. There are definite standards for advertising values as well as for merchandise. We believe that newspaper advertising should be bought and sold on the basis of these standards.

The Audit Bureau of Circulations is a national, cooperative association of 2000 publishers, advertisers and advertising agencies. The Bureau has a staff of skilled auditors and once a year these men visit all publisher members and make a careful audit of their circulation records. The information from these audits is then issued in reports which are available to advertisers.

Only through these A.B.C. reports can you get verified facts and figures about the audience that you will talk to when you buy advertising space. They are your assurance that you will get what you pay for because they describe and analyze net paid circulation—how large it is, where it is, how it was secured. Protect your advertising investment by using these A.B.C. reports.
